Escalation Matrix

OICL as well as the Bidder will decide an escalation matrix to resolve any issues that may crop up during project period. Both OICL and the Bidder shall inform the names of the persons, designation, Email ids and their telephone numbers for the escalation matrix to be effective.

1.8 Contract Period

The term of the Contract shall be for a period of 5 years from the date of issuance of purchase order and further extendable for one year on same Terms & Conditions and mutually agreed prices/ commercial negotiations.

2 Scope of Work

OICL proposes to invite sealed bids from eligible Bidders for Supply, Installation and Maintenance of Routers (with 3 years warranty & 2 years AMC) for OICL Locations (OICL HO & Branch Routers) under buy-back of obsolete hardware. The bidder should note the scope of work, which is applicable for entire period of contract.

Bidder to note that warranty will start only after installation of routers at 90% of the locations is completed.

1. Supply, installation, implementation, configuration of Router with OICL's existing WAN networked Office locations as per location details mentioned in Appendix 3 under buyback of obsolete hardware.
2. For the purpose of monitoring & ticketing, Bidder is required to integrate with OICL's ticketing tool.
3. Bidder is required to provision for any passive cabling or component required for the successful installation of routers. Bidders are required to quote the same in the Bill of Material.
4. Bidder needs to do Configuration as per existing OICL's MPLS Network Architecture.
5. Configuration & Testing of end-to-end connectivity (OICL Offices to both Data Centres) using IP Sec (Group Encrypted Transport VPN) with digital certificate at each location on new routers.
6. The bidder shall be required to perform tasks, render requisite services and make available resources as may be required for the successful completion of the entire assignment at no additional cost to the company.
7. Bidder to note that it is required to adhere to the timelines as stated in the RFP. AMC for existing routers is till December 2023, beyond which, the responsibility of AMC will also reside with the selected bidder. Bidder to note that in case of delay in installation or delivery, applicable penalty shall be imposed.
8. Bidder to note that before the start of warranty, the Routers already installed start failing or are unable to meet the uptime or any other issue, it is the responsibility of the Bidder to provide adequate support/ replace the router as the case may be without any additional cost to OICL.
9. In case of any change of location during the order & implementation, bidder must supply, install & configure accordingly without any extra cost to OICL.
10. Bidder will ensure end to end security of data i.e. from office locations to Data Centers.
11. The bidder has to make his own arrangement to fulfill all delivery formalities like – Road permit, entry tax etc. and should not involve OICL in these activities.
12. The warranty / Annual Maintenance Contract for Hardware (Router) shall include:-
 - a) Warranty of 3 years for Routers shall commence after signing of Acceptance Test Report (ATR) by OICL officials
 - b) Hardware replacement in full or part, depending on nature of hardware failure during entire period of contract.

- c) Warranty/AMC would cover upgrades/updates/maintenance patches/bug/ security upgrades & fixes available from the original software vendor for system software & firmware patches/bug fixes, if any, for hardware/software.
 - d) In case of repetitive hardware failure (three times in a quarter), it shall be replaced by equivalent new equipment by vendor at no extra cost to OICL.
 - e) Vendor shall rectify any defects, faults and failures in the equipment and shall repair/replace worn out or defective parts of the equipment on all days of the week.
 - f) In cases where unserviceable parts of the Equipment need replacement, the Vendor shall replace such parts, at no extra cost to the OICL, with brand new parts or those equivalent to new parts in performance. For this purpose, the Vendor shall keep sufficient stock of spares at its premises.
 - g) The proposed routers should support SDWAN and GETVPN.
13. The Service and Support shall include:-
- a) Configuration/reconfiguration at the same location and/or any change of office location/premise as & when required to keep router in working condition for WAN network.
 - b) Traffic Analysis for different application / services for branch location as & when required / requested.
 - c) To apply QoS during any bandwidth upgrade / downgrade for any branch.
 - d) Co-ordinate with field staff & report progress of fault resolution to Branch, Regional Office & Head Office. Update should be given on every 4 hours during working days.
 - e) If any branch is shifted to any new location or router is used for any new branch at any location, bidder has to configure the router for WAN connectivity without any extra cost. However, transition of Router to new location / branch will be under purview of OICL.
 - f) The bidder must provision for technical resources by way of two Network support engineers for coordinating with our existing Sify centralized helpdesk and bidder's own helpdesk for TAC escalation on supplied routers and for performing day to day activities required on the Router such as QoS change request, IP accounting, monitoring / report generation etc. as required by OICL. Bidder to note that this support can be provided remotely, however, it is the responsibility of the Bidder to ensure adequate resources are available onsite as per OICL's requirements.
 - g) Vendor should provide onsite preventive maintenance as per OICL requirements.
 - h) Vendor shall ensure that the full configuration of the Equipment is available to OICL in proper working condition viz. uptime of 99.99% of the time on a 24 x 7 x 365 basis
14. Bidder would be responsible of doing any Certificate/ Keys/OS Update/ Configuration change on the proposed router to integrate with the existing core routers running GetVPN. Any change/ access if required on Core Router would be offered by OICL or its authorized representative.
15. Bidder should also be willing to provide complete access to OICL or its authorized partner for any audit/ change required.
16. It is to be noted that existing configuration of router will be shared with successful bidder during implementation at office location.
17. Fixing the security vulnerabilities, taking prompt action on the advisories sent by the OICL's Security Consultant or by OICL officials within seven working days.
18. Maintenance services during the contract period by professionally qualified personnel who have expertise in the hardware and system software supplied by Vendor will provide these services.
19. Bidder should offer serial to Ethernet converter to integrate service provider's serial link to be connected to router.

20. The Proposed Router should not be end of support during next 5 years from the date of award of contract, Bidders need to give a declaration of the same on the OEM Letter head.
21. Total Time for delivery and installation of Routers is 16 weeks from the date of PO.

OICL's existing MPLS Network Architecture

1. Currently, OICL has **12 units of Cisco ASR 1002 HX Routers** installed at DC and DR in Bangalore and Mumbai respectively.
2. The Core Routers installed in DC DR are as under:

Description	No. of units	Location	Mode
WAN Routers	4	2- DC Bangalore 2 –DR Mumbai	Active-Passive
IP Sec Routers	4	2- DC Bangalore 2 –DR Mumbai	Active-Passive
Replication Routers	4	2- DC Bangalore 2 –DR Mumbai	Active-Passive

3. Branch Routers installed in OICL branches are Cisco 1921, Cisco 1941 and Cisco 1905. These routers are running on **GETVPN (Group Encrypted Transport VPN)** which is a **tunnel-less VPN** technology.
4. OICL has dual last mile link of equal and/or unequal capacity connectivity with dual local redundant PoPs (Point of Presence) to all operating offices (unequal capacity of two different service providers).
5. Both links at operating office operate in active-active mode. In case there is a link failure, all the applications used, operate via the second link. Also after restoration of the faulty link, the offices should again start working on dual last mile link of equal capacity. The entire process is enabled with auto recovery.
6. IP Sec connectivity between operating offices to each data centre is in fall back mode for better redundancy.
7. Last mile connectivity to the Data Centres is provided from two different PoPs/NOCs/ network service providers of existing WAN service provider.
8. **Network Parameter:**
 - Throughput – minimum 99%;

Buy-back

OICL expects to protect the investment already made on the existing components thus the Bidder is also required to buyback the specified inventory as mentioned in RFP. Buy back items are available at OICL locations mentioned in the RFP. However, buy back is subject to OICL's discretion. If any item is required for future use, OICL may remove it from buy-back offer. Bidder has to collect item in as-is-where-is condition. No additional expenses will be paid for removal of items. Destruction of hard disks and magnetic tapes should be done in the presence of OICL representative. The commercials quoted by the Bidder should include the buyback price assessed by the Bidder. The Purchase price once accepted by the OICL cannot be withdrawn. Erasing configuration and taking backup of existing configuration from the components mentioned in buyback.

It should be the bidder's responsibility to collect the buyback items, from OICL's location and OICL will not provide any transportation expenses towards this. It would be the bidder's responsibility to ensure safe disposal of e-waste as per Hazardous Waste (management and handling) Rules 1989 and 2008, without imposing any liability to OICL, comprising discarded Hardware/ electrical/ electronic equipment/components taken under buyback. All the decommissioning needs to be done by the bidder.

Maintenance

Bidder is required to adhere to the SLAs mentioned in the RFP. Further, bidder is required to factor adequate remote FM support for the same. Bidder can factor on call FM / Remote support but the responsibility of meeting the SLAs is with bidder. The maintenance of all the supplied equipment lies with the bidder till the contract completion after which bidder needs to provide the handover of the same to either OICL or any of OICL's service provider. Bidder to ensure that requisite resources are available onsite as per OICL's requirements (on-call basis).

Bidder needs to factor all the cost as per the scope in the bill of material and OICL will not be responsible for any missed item.

Bidder to note that the primary responsibility under Warranty/ AMC for bidder is as follows:

1. Hardware replacement in full or part, depending on nature of hardware failure during entire period of contract.
2. Warranty/AMC would cover upgrades/updates/maintenance patches/bug fixes available from the original software vendor for system software & firmware patches/bug fixes, if any, for hardware/software.
3. In case of repetitive hardware failure (three times in a quarter), it shall be replaced by equivalent new equipment by vendor at no extra cost to OICL.

Other responsibilities like configuration & overall checks lies with OICL's appointed Vendor.

The Deputy General Manager
Information Technology Department,
NBCC Office Complex, Block 4,
East Kidwai Nagar, New Delhi- 110023

3.1.2.5. **Preliminary Scrutiny** – OICL will scrutinize the offer to determine whether it is complete, whether any errors have been made in the offer, whether required technical documentation has been furnished, whether the documents have been properly signed, and whether items are quoted as per the schedule. OICL may, at its discretion, waive any minor non-conformity or any minor deficiency in an offer. This shall be binding on the Bidder and OICL reserves the right for such waivers and OICL's decision in the matter will be final.

3.1.2.6. **Clarification of Offer** – To assist in the scrutiny, evaluation and comparison of offer, OICL may, at its discretion, ask the Bidder for clarification of their offer. OICL has the right to disqualify the Bidder whose clarification is found not suitable to the proposed project.

3.1.2.7. OICL reserves the right to make any changes in the terms and conditions of purchase in accordance with the pre bid clarification. OICL will not be obliged to meet and have discussions with any Bidder, and / or to listen to any representations to changes made after pre-bid clarification.

3.1.2.8. **Erasures or Alterations** – The offer containing erasures or alterations will not be considered. There should be no hand-written material, corrections or alterations in the offer. Technical details must be completely filled up. Correct technical information of the product being offered must be filled in. Filling up of the information using terms such as “OK”, “accepted”, “noted”, “as given in brochure / manual” is not acceptable. OICL may treat the offers not adhering to these guidelines as unacceptable.

3.1.2.9. **Right to Alter Quantities** – OICL reserves the right to alter the requirements up to +/- 10% specified in the tender. OICL also reserves the right to delete or increase one or more items from the list of items specified in the tender. OICL will inform the Bidder about changes, if any. In the event of any alteration in the quantities the price quoted by the bidder against the item would be considered for such alteration. The bidder agrees that the prices quoted for each line item & component is valid for period of contract and can be used by OICL for alteration in quantities. Bidder agrees that there is no limit on the quantities that can be altered under this contract. During the contract period the bidder agrees to pass on the benefit of reduction in pricing for any additional items to be procured by OICL in the event the market prices / rate offered by the bidder are lower than what has been quoted by the bidder as the part of commercial offer. Any price benefit in the products, licenses, software, services & equipment should be passed on to OICL within the contract period.

3.1.3 Sub-contracts

In case sub-contracting any of the activities under the scope of this RFP is required, the bidder needs to notify and take prior permission in writing from OICL. It is clarified that notwithstanding the use of sub-contractors by the Bidder, the Bidder shall be solely responsible for performance of all obligations under the RFP irrespective of the failure or inability of the subcontractor chosen by the Bidder to perform its obligations. The Bidder shall also have the responsibility for payment of all dues and contributions, as applicable including any statutory requirement and compliance. No additional cost will be incurred by OICL on account of sub-contract, if any.

3.1.4 Acceptance of the Solution

3.1.2.10. The User acceptance test will be carried out as per mutually agreed Acceptance Test Plan (ATP) against the systems requirements. The system will be considered accepted (supplied, installed and operationalized) only after Acceptance Test is completed .

Some of features required to be completed are enumerated below:

The notice of termination shall specify the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective. In the event of the Bidder wishing to terminate this agreement, the bidder may send by 90 calendar days written notice to OICL to terminate the contract, in whole or in part at any time of their convenience. The notice of termination shall specify the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective. The goods and services that are complete and ready for shipment within 30 calendar days after the receipt of notice of termination by the Bidder shall be purchased by OICL at the contracted terms and prices. For the remaining goods and services, OICL may elect:

- i. To have any portion completed and delivered at the contracted terms and prices; and/ or
- ii. To cancel the remainder and pay to the Bidder a mutually agreed amount for partially completed goods and services and for materials and parts previously procured by the Bidder and the decision of DGM (IT) shall be final.

4.21 Resolution of disputes

OICL and the Bidder shall make every effort to resolve amicably, by direct informal negotiation between the respective project managers of OICL and the Bidder, any disagreement or dispute arising between them under or in connection with the contract. If OICL project manager and the Bidder project manager are unable to resolve the dispute they shall immediately escalate the dispute to the senior authorized personnel designated by the Bidder and OICL respectively. If after thirty days from the commencement of such negotiations between the senior authorized personnel designated by the Bidder and OICL, OICL and the Bidder have been unable to resolve amicably a contract dispute; either party may require that the dispute be referred for resolution through formal arbitration. All questions, claims, disputes or differences arising under and out of, or in connection with the contract or carrying out of the work whether during the progress of the work or after the completion and whether before or after the determination, abandonment or breach of the contract shall be referred to arbitration by a sole Arbitrator acceptable to both parties failing which the number of arbitrators shall be three, with each side to the dispute being entitled to appoint one arbitrator. The two arbitrators appointed by the parties shall appoint a third arbitrator who shall act as the presiding arbitrator. The Arbitration and Reconciliation Act, 1996 or any statutory modification thereof shall apply to the arbitration proceedings and the venue of the arbitration shall be New Delhi. The arbitration proceedings shall be conducted in English language. Subject to the above, the courts of law at New Delhi alone shall have the jurisdiction in respect of all matters connected with the Contract. The arbitration award shall be final, conclusive and binding upon the Parties and judgment may be entered thereon, upon the application of either Party to a court of competent jurisdiction. Each Party shall bear the cost of preparing and presenting its case, and the cost of arbitration, including fees and expenses of the arbitrators, shall be shared equally by the Parties unless the award otherwise provides.

4.22 Governing Language

The contract shall be written in the language of the bid i.e. English. All correspondence and other documents pertaining to the contract, which are exchanged by the parties, shall be written in that same language. English Language version of the contract shall govern its implementation.

4.23 Applicable Law

The contract shall be interpreted in accordance with the Indian Laws for the time being in force and will be subject to the exclusive jurisdiction of Courts at Delhi (with the exclusion of all other Courts)

4.24 Prices

The prices quoted (as mentioned in Appendix 1 - Bill of Material submitted by the Bidder) for the solution and services shall be firm throughout the period of contract and shall not be subject to any escalation.

4.25 Taxes & Duties

The Bidder shall be entirely responsible for all taxes, duties, license fees, and demurrage charges etc., incurred until delivery of the contracted goods & services to OICL. However, local levies (if any), in respect of transaction between OICL and Bidder, will be reimbursed by OICL, on submission of proof of actual transaction. If there is any increase/decrease in taxes/ duties due to any reason whatsoever, after Notification of Award, the same shall be passed on to OICL.

4.26 Deduction

Payments shall be subject to deductions (such as TDS) of any amount, for which the Bidder is liable under the agreement against this tender.

4.27 No Claim Certificate

The Bidder shall not be entitled to make any claim whatsoever against OICL under or by virtue of or arising out of this contract, nor shall OICL entertain or consider any such claim, if made by the Bidder after he shall have signed a “No Claim” certificate in favor of OICL in such forms as shall be required by OICL after all payments due to the Supplier are made in full.

4.28 Cancellation of the contract & compensation

OICL reserves the right to cancel the contract placed on the selected bidder and recover expenditure incurred by the Company in the following circumstances:

- i. The selected bidder commits a breach of any of the terms and conditions of the bid.
- ii. The selected bidder goes in to liquidation voluntarily or otherwise.
- iii. The progress made by the selected bidder is found to be unsatisfactory
- iv. If deductions on account of liquidated Damages exceeds more than 10% of the total contract price.

OICL reserves the right to cancel the contract with the selected Bidder and recover payment made by the Company, if the service provided by them is not satisfactory.

In case the selected bidder fails to deliver the quantity as stipulated in the delivery schedule, OICL reserves the right to procure the same or similar materials from alternate sources at the risk, cost and responsibility (capped at 5% differential value) of the selected bidder. After the award of the contract, if the selected bidder does not perform satisfactorily or delays execution of the contract, OICL reserves the right to get the balance contract executed by another party of its choice by giving thirty day's written notice for the same to bidder. In this event, the selected bidder is bound to make good the additional expenditure (capped at 5% differential value), which OICL may have to incur in executing the balance of the contract. This clause is applicable, if for any reason, the contract is cancelled.

If the Contract is cancelled during Warranty, the bidder shall repay all the payment received from OICL and remove the solution supplied and installed by the bidder without any extra cost to the Company. If the Contract is cancelled during AMC, OICL shall deduct payment on pro-rata basis for the unexpired period of the contract

4.29 Rights reserved by OICL

- i. Company reserves the right to accept or reject any or all Bids without assigning any reasons.
- ii. Company reserves the right to verify the validity of information given by the Bidders. If at any future point of time, it is found that the Bidder had made a statement, which is factually incorrect, OICL will reserve the right to debar the Bidder from bidding prospectively for a period to be decided by OICL and take any other action as maybe deemed necessary.
- iii. OICL reserves the right to issue a fresh RFP for this project at any time during the validity of the contract period with the selected Bidder.

4.30 Limitation of Liability

Bidder's cumulative liability for its obligations under the contract shall not exceed the total contract value and the Bidder shall not be liable for incidental / consequential or indirect damages including loss of profit or saving.

4.31 Waiver

No failure or delay on the part of either party relating to the exercise of any right power privilege or remedy provided under this tender document or subsequent agreement with the other party shall operate as a waiver of such right power privilege or remedy or as a waiver of any preceding or succeeding breach by the other party nor shall any single or partial exercise of any right power privilege or remedy preclude any other or further exercise of such or any other right power privilege or remedy provided in this tender document all of which are several and cumulative and are not exclusive of each other or of any other rights or remedies otherwise available to either party at law or in equity.

4.32 Violation of terms

OICL clarifies that OICL shall be entitled to an injunction, restraining order, right for recovery, suit for specific performance or such other equitable relief as a court of competent jurisdiction may deem necessary or appropriate to restrain the Bidder from committing any violation or enforce the performance of the covenants, obligations and representations contained in this tender document. These injunctive remedies are cumulative and are in addition to any other rights and remedies OICL may have at law or in equity, including without limitation a right for recovery of any amounts and related costs and a right for damages.

4.33 Repeat Order

OICL may place Repeat Order against the original order for a quantity up to 50% of the original order quantity during the contract period.

4.34 Adherence to Terms and Conditions

The bidders who wish to submit responses to this RFP shall abide by all the terms and conditions contained in the RFP. If the responses contain any extraneous conditions put in by the bidder, such responses may be disqualified and may not be considered for the selection process.

4.35 Integrity Pact

To ensure transparency, equity, and competitiveness and in compliance with the CVC guidelines, this tender shall be covered under the Integrity Pact (IP) policy of OICL. The pact essentially envisages an agreement between the prospective bidders/vendors and OICL committing the persons/officials of both the parties, not to exercise any corrupt influence on any aspect of the contract. The format of the agreement is enclosed in Annexure 11.

Signing of the IP with OICL would be one of the preliminary qualification for further evaluation. In other words, entering into this pact would be one of the preliminary qualification for this tender and the pact shall be effective from the stage of invitation of bids till the complete execution of the contract. Any vendor/bidder not signed the document or refusing to sign shall be disqualified in the bidding process.

The Integrity Pact envisages a panel of Independent External Monitors (IEMs) to review independently and objectively, whether and to what extent parties have complied with their obligation under the pact. The IEM has the right to access to all the project document. **Shri RUDHRA GANGADHARAN, IAS**

(Retd.) and **Shri H.K DASH, IAS (Retd.)** shall be acting as the IEM for this contract/Tender. However, OICL at its sole discretion reserves the right to change/name another IEM, which shall be notified latter.

4. **Power of Attorney in offline mode to OICL Head office in a sealed envelope.**

6.5 Eligibility cum Technical Evaluation

Eligibility Evaluation

Eligibility criterion for the Bidders to qualify this stage is clearly mentioned in Clause 1.6. The Bidders who meet ALL these criteria would only qualify for the second stage of evaluation. The Bidder would also need to provide supporting documents for eligibility proof. All the credentials of the Bidder necessarily need to be relevant to the Indian market.

The decision of OICL shall be final and binding on all the Bidders to this document. OICL may accept or reject an offer without assigning any reason whatsoever.

Technical Evaluation

The Technical bids of bidders qualifying the eligibility criteria will be opened and reviewed to determine whether the technical bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at OICL'S discretion.

A masked copy of the original commercial offer is to be submitted with the technical bid, failing which the bid will be rejected. However, it should not contain price related information, failing which the bid will be rejected outright.

The technical soundness of Bidder's proposals will be rated as follows:

#	Evaluation Criteria	Maximum Marks	Minimum Marks	Minimum Passing Percentage
1.	Compliance to Scope of Work	100	100	100%
2.	Compliance to Technical Specifications as per Appendix 2	100	100	100%
3.	Bidder's Experience	100	75	75%
4.	Technical Presentation	200	150	75%
	Total	500	425	85%

Bidders scoring at least the minimum score in each section mentioned in the table above and an overall score of 425 marks or more will be declared technically qualified.

The bidders scoring less than 425 marks (cut-off score) out of 500 marks in the technical evaluation shall not be considered for further selection process and their offers will be dropped at this stage. Bidders should score minimum as mentioned in the above table.

The evaluation of technical proposals, among other things, will be based on the following:

S.No.	Technical Evaluation	Evaluation Methodology
		complete a scheduled presentation to OICL may result in rejection of the proposal.

The commercial proposals of technically short-listed Bidders will then be opened.

6.6 Commercial Evaluation

The commercial bids for the technically qualified Bidders will be opened and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at OICL's discretion. The total cost of ownership for the purpose of evaluation shall be calculated over the contract period of 5 (five) year.

OICL will award the contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest commercial bid (L1), provided further that the Bidder is determined to be qualified to perform the contract satisfactorily.

Bidder needs to note that Amount (consolidated amount on GEM Portal) and the total of bifurcation mentioned in the Appendix 1 - Bill of material should be without decimals. If any discrepancy found that bid may be rejected.

7 Service Level Agreement

During the term of the Contract, Vendor will maintain the equipment in perfect working order and condition and for this purpose will provide the following repairs and maintenance services:

(a) Maintenance services during the period of warranty. Professionally qualified personnel who have expertise in the hardware and system software supplied by Vendor will provide these services.

(b) Vendor shall rectify any defects, faults and failures in the equipment and shall repair/replace worn out or defective parts of the equipment during working hours i.e. from 8.00 A.M. to 8.00 P.M. on all days (viz. Monday to Sunday). In case any defects, faults and failures in the Equipment could not be repaired or rectified during the said period, the engineers of the Vendor are required to accomplish their duties beyond the said schedules in case of any situation if it warrants. In cases where unserviceable parts of the Equipment need replacement, the Vendor shall replace such parts, at no extra cost to the OICL, with brand new parts or those equivalent to new parts in performance. For this purpose, the Vendor shall keep sufficient stock of spares at its premises.

(c) The maximum response time for a maintenance complaint from the site of installation (i.e. time required for Vendor's maintenance engineers to report to the installations after a request call / fax /e-mail is made or letter is written) shall not exceed 2 hours.

(d) Vendor shall ensure that faults and failures intimated by OICL as above are set right within 4 hours of being informed of the same. In any case the Equipment should be made workable and available on the same working day (the day complain was raised) of OICL.

(e) Vendor shall ensure that the full configuration of the Equipment is available to OICL in proper working condition viz. uptime of 99.99% of the time on a 24 x 7 x 365 basis. (f) For purpose of calculating penalty, uptime is calculated as under :

$$\text{Uptime (\%)} = \frac{\text{Sum of Total Hours during Month} - \text{Sum of Downtime hours during month}}{\text{Sum of Total hours during a Month}} \times 100$$

Total hours during the month = No. of calendar days x 24 hours

(g) **Penalties for SLA uptime** shall be as under:

#	Description	Penalty
1.	The maximum response time for a maintenance complaint from the site of installation (i.e. time required for Vendor's maintenance engineers to report to the installations after a request call / fax /email is made or letter is written) shall not exceed 2 hours.	INR 500 per hour
2.	The Vendor shall ensure that faults and failures intimated by OICL are set right within 4 (Four) hours of being informed of the same excluding travel time not exceeding 2 hours.	INR 1000 per hour
3.	Fixing the security vulnerabilities, taking prompt action on the advisories sent by the OICL's Security Consultant or by OICL officials within seven working days	INR 1000 per day after due date per advice
4.	Equipment failure first time within the contract period.	INR 1000 per incident per device
5.	Subsequent Equipment failure at same location within the contract period	INR 2500 per incident per device
6.	Router Replacement/ Spare Part/ Accessory (As applicable) should be within 1 day	INR 3000 per incident per device

**Uptime Penalty for Incidents**

#	Uptime (Per Device Per Month)	Penalty per Device
1	99.99% or above per device	Nil
2	<99.99% and up to 99.5%	INR 500 per device
3	<99.5% and up to 99.25%	INR 1000 per device
4	<99.25% and up to 99.00%	INR 1500 per device
5	99.00% and below	INR 2500 per device

At-Risk Amount

The quarterly At-Risk Amount ('ARA') shall be 10% of the estimated quarterly payout of the respective quarter. Overall cap for penalties as per SLA and the Liquidated damages over the tenure of the contract will be 10% (ten per cent.) of the contract value.

7.1 Other Conditions

- i Bidder to ensure that requisite spart parts/ associated accessories and replacement routers are available at the nearest support location for timely delivery of replacement router/ spare part as reqd.
- ii OICL expects the Bidder to complete the scope of the project as mentioned in section 2 - scope of work of this document within the timeframe specified in Section 1.7 Project Timelines of this document. Inability of the Bidder either to provide the requirements as per the scope or to meet the timelines as specified would be treated as breach of contract and would invoke the penalty /LD clause.
- iii Inability of the Bidder to provide services at the service levels defined would result in breach of contract and would invoke the penalty clause or termination clause
- iv Notwithstanding anything contained above, no such penalty will be chargeable on the Bidder for the inability occasioned, if such inability is due to reasons entirely attributable to the OICL.
- v The Bidder is required to provide and implement regular updates/upgrades/patches released by the OEM (for tools) within the timelines as mutually agreed.
- vi The right to levy the penalty is in addition to and without prejudice to other rights / remedies available to the OICL such as termination of contract, invoking performance guarantee and recovery of amount paid etc.
- vii OICL reserves the right to recover the penalty from any payment to be made under this contract.
- viii Performance measurements would be assessed through audits or reports, as appropriate to be provided by the Bidder e.g. response time measurements reports, ticket details and resolution time report etc. The tools to perform the audit will need to be provided by the Bidder. Audits will normally be done on regular basis or as required by OICL and will be performed by OICL or OICL appointed third party

7.1.1 Exception

OICL shall not hold the Successful Bidder responsible for a failure to meet any Service Level if it is directly attributable to:

- i Execution of the disaster recovery plan/business continuity plan for an OICL declared disaster situation; and

- ii Any established inability of other third party vendor or service provider of OICL, to fulfill the requirements as per the contract.

8 Disclaimer

10.2 Appendix 2: Technical Specifications

#	Branch Router Technical Specification	Mandatory Compliance (Yes/No)
1	The proposed router should have fixed/modular architecture	
2	The router should have distributed multicore architecture with the dedicated control plane and service plane.	
3	The router should have minimum 2 x 1G WAN routed ports out of them minimum 1 port should support both copper and fibre (multimode, single mode) connectivity	
4	The router should have minimum 4 x 10/100/1000 BaseT LAN ports	
5	The router Should have minimum 4 GB memory and 4GB Flash from Day 1	
6	The proposed router should support console port.	
7	The proposed router should provide minimum 350 Mbps IPSEC encryption throughput with IMIX traffic.	
8	The router should support following routing protocols for IPv4 and IPv6 -Static routes, RIP, Open Shortest Path First (OSPF), Border Gateway Protocol (BGP), IS-IS. Also should support Dynamic Host Configuration Protocol (DHCP), HSRP/ VRRP, RADIUS, Authentication, Authorization, and Accounting (AAA), IPsec, Bidirectional Forwarding Detection (BFD) and Policy Based routing from Day 1	
9	The router should support Ethernet fault management 802.1ag and provider backbone bridge 802.1ah protocol	
10	The router should support Generic Routing Encapsulation (GRE), PPPOE, IPsec, Ethernet 802.1Q VLAN	
11	The router should support Multicast, PIM-SM, IGMPv2 and v3	
12	The router should support Stateful Firewall	
13	The router should support upto 3000 access control list. It should possible to classify users, devices or protocols into groups and apply these groups to ACL to create policies.	
14	In case direct internet exist, it should possible to integrate router with DNS security solution by intercepting the DNS packets destined to any DNS server and must forward only the DNS request to the DNS security solution over DNSCrypt or bidder needs to provide required hardware to meet equivalent capability	
15	The router should be scalable to support minimum 100 IPsec tunnels	
16	The router should support minimum 260000 IPv4 and 260000 IPv6 routes from day-1	
17	The router should be able to support various QoS methods i.e. Class-Based Weighted Fair Queueing, HQoS, DSCP	
18	The router should support Broadcast storm control on Layer 2 switch ports of the router.	
19	The router should support 802.1X authentication, posture and Change of Authorization on Layer 2 switch ports	
20	The router should support SSH, SNMP v3, Syslog, NetFlow for monitoring and device management should be possible from both CLI and GUI. It	

#	Branch Router Technical Specification	Mandatory Compliance (Yes/No)
	should support DHCP server, Access-List, DNS, DHCP, NAT, SPAN and ERSPAN	
21	Router should have built in WEB GUI interface which should allow configuration and troubleshooting from GUI interface. GUI interface should highlight memory, CPU utilization, Device uptime, last configuration change time, Should allow software upgrade, configuration of ports, routing protocols, ACL, AAA, NAT on the router, troubleshooting like PING, Traceroute, packet capture, syslog etc.	
22	The router must support DHCP helper address to forward DHCP request to central DHCP servers	
23	The router should support following advanced encryption algorithms - Encryption: DES, 3DES, AES-128 or AES-256 (in CBC and GCM modes) Authentication: RSA (748/1024/2048 bit), ECDSA (256/384 bit) Integrity: MD5, SHA, SHA-256, SHA-384, SHA-512.	
24	Router should support various large scale vpn technologies like GETVPN, FlexVPN, DMVPN etc.	
25	Proposed router must support GETVPN and it should be possible to integrate with existing head end routers running on GETVPN architecture.	
26	The router should be compatible with GETVPN solution including features like: 1. G-IKEv2 support between Key server and Group member communication 2. It should have capability to auto detect and re-register to key servers and download new keys 3. It should support advance security like Perfect forward security within GETVPN to prevent attacker to use the keys and messages to obtain the keys of past or future session 4. Solution should support advance methods like TBAR (Time Based Anti-Replay) to enable advance security and to prevent from anti replay attacks.	
27	The router should have separate internal hardware to accelerate VPN operations like ciphering and hashing operations.	
28	The router should be upgradable to support MPLS (Layer 2 and Layer 3 VPN) features along with VRF level segmentation. Router should be capable to support minimum 20 VRF	
29	Router should be upgradable to offer capability to act as local Survivable IP Phone Call Manager to register at least 25 local IP Phones in case of WAN Link failure Or offer equivalent feature by add-on component.	
30	The router should have temper proof module and it should be capable to understand that system OS are authentic and unmodified, it should have cryptographically signed images to provide assurance that the firmware & BIOS are authentic.	
31	The router should support 80 to 100 users at branch locations	
32	The router should provide packet capture facility to troubleshoot the issues much faster.	

#	Branch Router Technical Specification	Mandatory Compliance (Yes/No)
33	Router should have capability to send real time network information like Source IP Address, Destination IP Address, Port, Protocol etc (not sampled data) to identify any malicious/malware behaviour activity on the network including threats in encrypted traffic	
34	The router should support automation using scripts to detect the event and actionable steps against the event	
35	The router should support IP SLA probing to find out the destination IP reachability by tracking the IP or Route.	
36	The router should not have air exhaust from top. Bidder needs to provide required plates to cover top exhaust of the router from same OEM without compromising any router warranty or support.	
37	The router should support following Standard Safety Certification - UL 60950-1, EN 60950-1, CAN/CSA C22.2 No. 60950-1 and IEC 60950-1	
38	The router should be FIPS certified.	
39	The router should be IPv6 ready logo phase 2 certified	
40	The router should be common criteria/NDPP/EAL3 certified	
41	Router should be compatible with SD WAN Technology
